iL Special 2000FF/MP

Extra flat and high performance: Load receptor iL Special 2000 FF/MP is ideally suitable for the food and pharmaceutical industries. The version with folding frame particularly stands out in terms of hygiene.

More information
High performance
with a wide range of
solutions and options.

Product description

Due to its low design, the iL Special 2000FF/MP allows easy handling of the products. Its particular strength is the hygienic cleaning which is easy to prepare: It only takes one person to fold open the deck. The process is supported by a gas-pressurized spring which is balanced in such a way that the deck can hold its position. The open design of the load receptor bottom allows easy and thorough cleaning. Effective hygiene without restriction.

Highlights

- Lift-deck mechanism for ideal cleaning, also underneath the platform
- Extra flat load platter version
- Load receptor for the most demanding tasks in the food and pharmaceutical industries
- Hygienic design and easy, time-saving cleaning
- Easily adjustable to the most varied applications and mounting positions

iL Special 2000FF/MP
